NOVEMBER MEETING NOTICE

“Demystifying the aspects of Dehumidification”

What: Demystifying the aspects of dehumidification and air temperature control for steel tanks, vessels and pipelines will be the topic of the demonstration. The technology of dehumidification and temperature control in tanks, vessels and pipelines continues to change rapidly and be more commonly utilized during the coating/lining operations to enhance working conditions, performance and to reduce costs. This demonstration will allow the attendees to see how dehumidification, cooling and heating equipment can best be utilized for this purpose.
